ICFFTS'22 AND ICAERA'22

OCTOBER 27, 2022 - OCTOBER 29, 2022
SEOUL, SOUTH KOREA

The International Conference on Fluid Flow and Thermal Science (ICFFTS'22) and the International Conference on Advances in Energy Research and Applications (ICAERA'22) aims to become the leading annual conferences in each of the specialized fields.

The goal of ICFFTS'22 and ICAERA'22 is to gather scholars from all over the world to present advances in each of the specialized fields and to foster an environment conducive to exchanging ideas and information. These conferences will also provide an ideal environment to develop new collaborations and meet experts on the fundamentals, applications, and products of the mentioned fields. Interested authors, researchers, and industrial experts are invited to register for any of the conferences that best resonates with their technical background. At the same time, attendees are permitted, and even encouraged, to attend talks from co-located conferences.
